

Step One:
Pull front panel of top forward; insert newspaper or directory into bag opening as shown

Header Card

Filling & Sealing Method for Rapid Close™ Bags

Step Two:
Quickly push the newspaper or directory downwards into the bottom of the bag. The force of the downward action will break the bag free from the grouping and expose adhesive.

Step Three:
Tip the bag to one side as shown, so the weight of the object squares up the bag and helps remove any wrinkles.

Set-Up Bags First

Attach the Corrugated Header card to a Vertical or Horizontal surface using one of the following methods: (Photos at left shows Vertical set-up usage)

Attach through 1" handle hole by:

- 1- L shaped bracket (OR)
- 2- Screw in or threaded type Hook (OR)
- 3 - Piece of bent wire, rope/cord

Alternatively:

- *Pack on person with a hook attached to belt (or)
- *Headrest of a car/van (or)
- * Tuck back of card behind car window / cross-bar

Step Four:
Pull seal left to right to remove any wrinkles and put pressure on the adhesive strip
You now have a secure bag seal!
